

Every year, we give you our roundup of the hottest products and services that came across our desks from manufacturers and dealers in the school market.

In every issue, every single product or service we cover in the magazine is there because we think it's something that you will find useful, so we're excited about each and every one in all of our issues. Our sole mission is to help you make purchasing decisions, so we're all about products, all the time. This list reflects the "best of the best."

Here are some of the products and services that stood out to us this year.

Southern Aluminum

Southern Piknik tables have been an easy choice for schools, universities, parks, and other public facilities for over 40 years. Proudly made in the USA, these high strength tables are made from aircraft-grade aluminum. Features include an all-weather UV powder coat finish, comfort contoured seating, and multiple accessories.

www.southernaluminum.com

HSA

The USRTOP series of protective, locking rolltop tambour top sections is a unique option to HSA's line of USAVID Lecterns. With the addition of this option, the USAVID lecterns can offer HSA's trusted, unique, lockable rolltop tambour to cover the top presentation worksurface and "control dashboard" that would be left exposed in other conventional lecterns.

www.RadaCutlery.com

Bearcade

Certified for strength and 100% Made in the USA, Bearcade units rapidly secure and reinforce interior doors to withstand 4,800 pounds of shearing force pressure, impacts, and ballistic rounds. During the past 18 months, Bearcade units have been used effectively more than 26 times during hostile intruder incidents.

www.doorbearcade.com

eCYBERMISSION

eCYBERMISSION is a free web-based STEM competition for 6th to 9th graders that allows students the opportunity to identify problems and solve challenges within their communities. The program was developed by the U.S. Army to engage a broad spectrum of America's youth, as well as inspire future careers in STEM.

www.ecybermission.com

Screenflex

USA made Screenflex Portable Room Dividers divide space, absorb sound, and create displays in minutes. These tackable panels roll on self-leveling caster to help you accomplish your room dividing needs. Use to maximize space in the classroom, Sunday school, weekly programs, or evening ministries.

www.screenflex.com

AmpliVox

New acrylic safety shields help protect single or multiple individuals from airborne viruses. Perfect for auditoriums, fellowship halls, meeting rooms, check-in stations, etc. See-through shields made in the USA of rugged 1/4" acrylic, and easily installed. There are models for lecterns & pulpits, as well as models for tables or any flat surface.

www.ampli.com

National Bus Sales

National Bus Sales' 02 Fresh Technology Systems utilize the latest in air disinfection and cleaning technologies. This system helps to create a safer traveling environment for passengers and employees by employing HEPA filtration and ultra-violet light disinfection.

www.fresh-air.tech

Elite ProAV

The Tripod Tab-Tension Pro CineGrey 5D is a portable, free-standing projection screen with enhanced features for high end presentations. The tab-tension feature creates a flat surface that is ripple-free using the CineGrey 5D ambient light rejecting material. This versatile solution is ideal for educational sector or rooms with minimal controlled lighting.

www.elitescreens.com

American Bus Sales

As a leader in the industry, American Bus Sales prides itself on the ability to go above and beyond with innovative solutions for their customers. They offer a wide variety of new and pre-owned vans, shuttles, school buses, and coaches, ranging in sizes from 9 to 90 passengers. The possibilities are endless with American Bus by your side.

www.AmericanBusSales.net

Musson Rubber

Musson Sheet Rubber is a low-maintenance, long-life flooring that is excellent for high-traffic areas. The top-to-bottom wear surface allows scratches to be easily buffed out. The no-wax finish reduces maintenance costs because it does not require stripping, waxing, and sealing to maintain its appearance.

www.mussonrubber.com

Dynamic Air Quality Solutions

COVID-19 guidelines recommend MERV13 or better air filtration. The Dynamic V8 delivers MERV15 performance, removing ultrafine particles, viruses, and odors. Its low pressure drop makes it ideal for retrofitting into existing HVAC systems. And it consumes 2/3 less fan energy than MERV14 filters with maintenance intervals measured in years.

www.DynamicAQS.com

MFMA

Established in 1897, MFMA is a trade organization representing the sports flooring industry. MFMA's mission is to be the worldwide authoritative source of information about maple sports flooring and related sports flooring systems while supporting safe, environmentally sound forestry management.

www.maplefloor.org

Americana Outdoors

Americana Outdoors creates shade and shelter products for a wide variety of outdoor environments. Americana Outdoors also manufactures a full range of sports field equipment through their divisions PW Sport & Site and LA Steelcraft. They provide American sourced and manufactured park shelters, athletic equipment, and site amenities for customers nationwide.

BILL of RIGHTS INSTITUTE

Bill of Rights Institute

Founded in 1999 as a nonprofit committed to U.S. History, Civic Education, and Character Education, the Bill of Rights Institute helps the next generation understand the freedom and opportunity the Constitution provides by offering free, classroom-tested online curricula and scholar-led programs to tens of thousands of teachers and students from across the country.

www.billofrightsinstitute.org

Palmer Hamilton

The new Transparent and Portable Room Dividers give facilities options to help increase safety within common spaces during uncommon times. The dividers are helpful for areas of interaction and human contact, safely and effectively creating a transparent barrier for high traffic areas and closer personal contact.

www.palmerhamilton.com

SnapSports

SnapSports Maple ShockTower looks and plays like a real hardwood floor without the high cost or maintenance. Eliminating the need for underlayment, ShockTower was engineered with performance and safety in mind. SnapSports ShockTower surfaces are designed to give an added level of 'cush' to reduce impact on joints and limbs, while the high-performance Maple option is aesthetically pleasing and easy to maintain.

www.snapsports.com

USA Capitol

Featuring a 7" high rocking base, and the best-selling Euroflex shell, the 3500 Floor Rocker is a great way to keep students actively engaged and safely off the ground. The Floor Rocker is totally customizable. It's available in 22 shell colors, with or without fabric seat pad. The base can be chrome or powder coat.

www.usacapitol.com

Landscape Structures

We all know the benefits of being outdoors—it helps lower blood pressure, improves the immune system and reduces anxiety. And with all we've experienced in 2020, we could use an extra dose of nature. Embrace the benefits of nature while also maximizing your campus' available space... take learning outdoors!

www.playlsi.com

Viking Electronics

Viking Electronics engineers and manufactures over 500 security and communication products in the USA, including VoIP and Analog Emergency Phones, Entry Systems, Paging Interfaces, Mass Notification Systems, and Hotline Phones. Viking's 50+ year legacy is built on straightforward solutions, backed by free lifetime product support and a two-year limited warranty.

www.vikingelectronics.com

Staging Concepts

The new Climacore Platform is an ultra-durable, semi-permanent, weather- and water-resistant platform specially designed for outdoor use. Featuring a heavy-duty honeycomb core top suitable for all climates, the Climacore is ideal for a wide range of outdoor events and occasions. Its resilient design will withstand virtually any type of weather conditions and won't rot, swell, warp or absorb moisture.

www.stagingconcepts.com

HangSafe Hooks

HangSafe Hooks partners with churches and schools to create a safer learning environment with their coat rack system. Neatly store backpacks and coats. Eliminate risks of injury. Never replace broken hooks again.

www.hangsafefhooks.com

New Pig

New Pig non-slip floor signs, markers and mats promote social distancing. Safety messages stay in place but peel up easily without damaging floors. Proprietary adhesive backing keeps them exactly where they are placed—no shifting, bunching up or flipping over. Safety message mats are available in a variety of message choices and mat sizes.

www.newpig.com

Abacus Sports

Is your current gymnasium floor on its last legs? Worried that a long-term replacement will smash your budget? Here's your solution: Padenpor is an athletic flooring system installed with durable American-manufactured materials. It's affordable and will hold up for years without needing replacement.

www.abacussports.com
