

Every year, we give you our roundup of the hottest products and services that came across our desks from manufacturers and dealers in the school market.

In every issue, every single product or service we cover in the magazine is there because we think it's something that you will find useful, so we're excited about each and every one in all of our issues. Our sole mission is to help you make purchasing decisions, so we're all about products, all the time. This list reflects the "best of the best."

Here are some of the products and services that stood out to us this year.
